To The Public Utilities Commission of the State of California:

Summary

This filing proposes a revenue increase of \$201,318 or 0.64% to reflect increases in purchased water rates in the Hermosa-Redondo District. Cal Water requests an effective date of February 1, 2020 for this Tier 1 advice letter.

Discussion

Purchased water for Hermosa-Redondo is obtained from the West Basin Municipal Water District (West Basin). Effective January, 2020, West Basin will increase its quantity rates from \$1,385/AF to \$1,405/AF. West Basin will also increase its Capacity Charge by \$8,736/Month.

Since the cost of the purchased water offset is variable in nature, Cal Water has recalculated rates by applying 100% of the increase to the quantity rates. Corresponding changes are made to the WRAM/MCBA mechanism adopted in D.08-02-036.

Each residential tier has been increased by the same percentage to keep the adopted tier ratios intact. Residential customer will have quantity rates increase by \$0.0389/CCF for Tier 1 usage, by \$0.0422/CCF for Tier 2 usage, and by \$0.0496/CCF for Tier 3 usage. Nonresidential quantity rates

will increase by \$0.0448/CCF relative to current rates. Recycled water quantity rates will increase by \$0.0361 per CCF.¹

The typical residential customer using 9 CCF (average residential usage in 2017) will see a \$0.35 or 0.7% monthly increase in their water bill. The revised tariff sheets and Preliminary Statement M accurately reflect the proposed rate impact.

Requested Effective Date

Under General Order 96-B, Water Industry Rule 7.3.1, as modified by Resolution W-4664, this is a Tier 1 advice letter. Cal Water requests that the rates proposed in this advice letter become effective on **February 1, 2020**.

Notice to Hermosa Redondo Customers Regarding Rate Increases for Purchased Water Offset and Pre-Authorized Infrastructure Improvements

On December 20, 2019, California Water Service (Cal Water) will file three advice letters (ALs) with the California Public Utilities Commission (CPUC) requesting approval to increase rates on February 1, 2020.

Two advice letters are for completed improvements to Cal Water's Supervisory Control & Data Acquisition (SCADA), a computer system for monitoring and controlling the water facilities located throughout the company. These infrastructure projects were authorized by the CPUC in Decision 16-12-042 as part of the utility's triennial rate review process, however costs for the projects can only be recovered after they are completed.

AL 2358 requests a revenue increase for upgrades to the centralized SCADA hub (Project #99272) located in San Jose. If approved, the Hermosa Redondo District's portion of the costs would be an annual revenue increase of \$37,046 (or 0.12%) collected through a monthly surcharge of \$0.12 per connection (until the surcharge is rolled into basic water rates). The water bill of a residential Hermosa Redondo customer with 9 Ccf of monthly water usage would increase by approximately \$0.12 (or 0.2%).

In AL 2360, Cal Water requests an annual revenue increase of \$53,411 (or 0.17%) for the Hermosa Redondo District (Project #99169) to replace SCADA components located throughout the service area. If approved, the water bill of a residential Hermosa Redondo customer with 9 Ccf of monthly water usage would increase by approximately \$0.09 (or 0.17%).

The third advice letter, AL 2362, requests a revenue increase for higher wholesale water charges by the West Basin Municipal Water District. If approved, this advice letter would increase annual revenues by \$201,318 (or 0.6%). The water bill of a residential Hermosa Redondo customer with 9 Ccf of monthly water usage would increase by approximately \$0.35 (or 0.7%).

Copies of these advice letters are available on the internet at <https://www.calwater.com/rates/advice-letters/> (please select the Hermosa Redondo District from the drop-down menu), and may also be obtained from the company's local offices by calling (310) 257-1400. You may also contact the company's headquarters at 1720 North First Street, San Jose, California 95112-4598, or by calling (408) 367-8200.

Protest and Responses

Anyone may respond to or protest this filing. A response supports the filing and may contain information that proves useful to the CPUC in its evaluation. A protest objects to the filing in whole or in part and must set forth the specific grounds on which it is based, and shall provide citations or proof where available to allow staff to properly consider the protest. The grounds for protests are:

1. The utility did not properly serve or give notice of the filing.
2. The relief requested in the filing would violate statute or CPUC order, or is not authorized by statute or CPUC order on which the utility relies.
3. The analysis, calculations, or data in the filing contains material error or omissions.
4. The relief requested in the filing is pending before the CPUC in a formal proceeding, or
5. The relief requested in the filing requires consideration in a formal hearing, or is otherwise inappropriate for the filing process, or
6. The relief requested in the filing is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the CPUC).

A response or protest must be made in writing and received by the Water Division via mail or email within 20 days of the date the advice letter was filed. The response or protest should be sent to water.division@cpuc.ca.gov or to "Tariff Unit, Water Division, 3rd Floor, CPUC, 505 Van Ness Avenue, San Francisco, CA 94102." On the same date, it must be sent to rateshelp@calwater.com or to "Rates Department, California Water Service, 1720 North First Street, San Jose, CA 95112."

DECLARATION OF GREG A. MILLEMAN
REGARDING PROPER AND TIMELY SERVICE OF ADVICE LETTER

I, Greg A. Milleman, declare and state:

1. I am the Vice President, California Rates, of California Water Service Company (U 60 W) ("Cal Water").

2. Cal Water is filing **Advice Letters (ALs) 2358 through 2368 on December 20, 2019** to request a revenue increase for all of its regulated districts, except Grand Oaks and Travis. AL 2358 (all districts), AL 2359 (Bakersfield, Monterey Region, Marysville, Oroville, Selma, and Visalia Districts), and AL 2360 (Chico, Dominguez Hermosa Redondo, Los Angeles County Region, Los Altos, Livermore, Stockton, and Westlake Districts) request revenue increases for completed upgrades to Cal Water's Supervisory Control & Data Acquisition (SCADA). ALs 2361 through 2366 reflect an increase in purchased water costs for the Dominguez, Hermosa Redondo, Los Angeles County Region, East Los Angeles, Westlake, and Livermore Districts, respectively. ALs 2367 and 2368 request revenue increases for the Bay Area Region (station 1-24) and East Los Angeles District (station 62-02) for completed capital improvements that were previously authorized by the CPUC in Decision 16-12-042.

3. Customer notice of the filing of this advice letter is being provided through the publication of a legal notice in a newspaper of general circulation. This advice letter includes a copy of the publication order that identifies the name of the publication, the date of publication, and a copy of the notice itself.

4. This newspaper publication meets the requirements of the California Public Utilities Commission's ("Commission's") General Order 96-B ("GO 96-B"), Water Industry Rule 3.1.

5. With the first customer bill reflecting the requested revenue increase, Cal Water will inform customers of the rate increase, and its impact on a typical residential customer's bill in both dollar and percentage terms.

6. This customer bill notice meets the requirements of the Commission's GO 96-B, Water Industry Rule 3.2.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed on **December 20, 2019**, in San Jose, California.
