Advice Letter No. 2420

To the California Public Utilities Commission:

California Water Service Company (“Cal Water”) respectfully submits this Tier 1 advice letter requesting authority to add or modify the following tariff sheets for its Travis District. *Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically to the Water Division and the attached service lists.*

New/Revised CPUC Sheet No.	Title of Sheet	Schedule No.	Cancelling CPUC Sheet No.
12608-W	Potable Water Service	TRV	12349-W
12609-W	Table of Contents (page 10)	TOC 10	12461-W
12610-W	Table of Contents (page 1)	TOC 1	12607-W

Summary

This advice letter requests modification of the tariff for the Travis District to reflect the surcharges applied to the monthly bill to provide transparency for billing Travis Air Force Base.

Discussion

Cal Water does not send a water bill to the Travis Air Force Base (TAFB) for payment as it does to customers in other ratemaking areas. Instead, Cal Water requests payment of the total bill – which consists of the flat monthly rate plus applicable surcharges – on a monthly basis through the federal government’s online portal.

Cal Water proposes to modify the Travis tariff to reflect the additional applicable surcharges, consisting of the CPUC User Fee (Schedule UF), the Customer Assistance Program surcharge (Schedule CAP), and the Rate Support Fund surcharge (Schedule RSF). The tariff also provides the dollar amounts associated with applying the surcharges to TAFB’s flat monthly fee.

Indicating the total monthly bill for TAFB on the Travis tariff will provide greater transparency and facilitate the bill collection process.

Requested Effective Date

Cal Water is filing this non-substantive change to a tariff as a Tier 1 advice letter under General Order No. 96-B. Cal Water requests that the revised tariff schedule become effective on **September 21, 2021.**

Notice

Customer Notice: Customer notice of Tier 1 advice letters is not required under General Order 96-B, General Rule 7.3.1.

Service List: In accordance with General Order 96-B, General Rule 4.3 and 7.2 and Water Industry Rule 4.1, a copy of this advice letter will be transmitted **electronically** on **September 21, 2021** to competing and adjacent utilities and other utilities or interested parties having requested such notification, including the Local Agency Formation Commission (LAFCO). ***Please note that, due to limitations on non-essential travel as a result of the COVID-19 virus, this advice letter will only be distributed electronically.***

Response or Protest

Anyone may respond to or protest this advice letter. When submitting a response or protest, please include the utility name and advice letter number in the subject line. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter. A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material error or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest. A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The informing document should include an estimate of the date the proposed protest might be voted on. The advice letter process does not provide for any responses, protests or comments, except for the utility's reply, after the 20-day comment period.

Replies: The utility shall reply to each protest and may reply to any response. Each reply must be received by the Water Division within 5 business days after the end of the protest period and shall be served on the same day to the person who filed the protest or response.
