Carson, Compton, Culver City, El Segundo, Gardena, Harbor City, Hawthorne, Hermosa Beach, Inglewood, Lawndale, Lomita, Long Beach, Manhattan Beach, Palos Verdes Peninsula, Palos Verdes, Rancho Palos Verdes, Rancho Palos Verdes Estates, Redondo Beach, San Pedro, Santa Monica, Torrance and Wilmington

NOTICE OF INTENT TO ADOPT AN URBAN WATER MANAGEMENT PLAN AND HOLD A PUBLIC MEETING TO RECEIVE COMMENTS ON THE PROPOSED PLAN CALIFORNIA WATER SERVICE COMPANY'S HERMOSA - REDONDO DISTRICT

California Water Code, Part 2.6 Chapters 1 through 4 (Sections 10610 through 10656), are known and may be the "Urban Water Management Planning Act."

These California Water Code sections require all urban water suppliers that provide water for municipal purposes directly or indirectly to more than 3,000 customers or supply more than 3,000 acre-feet of water annually to prepare an Urban Water Management Plan as outlined and identified in those sections. This requirement applies to both publicly and privately owned water utilities.

The plan must describe and evaluate sources of supply, reasonable and practical efficient uses, reclamation, and management activities. The components of the plan may vary according to an individual community's characteristics and its capabilities to efficiently use and conserve water. The plan must address measures for residential, commercial, governmental, and industrial water demand management.

The act requires urban water suppliers to update their Urban Water Management Plans at least once every five years and to file updated plans with the Department of Water Resources, the California State Library, and any city or county served by the supplier no later than 30 days after adoption.

California Water Service Company (Cal Water) is an investor-owned public utility providing water service throughout California. In addition, Cal Water is regulated by the California Public Utilities Commission (CPUC).

One of Cal Water's service areas is the Hermosa - Redondo District, which is located in Los Angeles County. The Hermosa - Redondo District serves the cities of Hermosa Beach and Redondo Beach and approximately five miles of the City of Torrance.

As a defined urban water supplier, Cal Water is preparing an update to its Urban Water Management Plan to address the water service conditions in the Hermosa - Redondo District. It is Cal Water's intent to adopt that plan and file that plan as required with the Department of Water Resources, the California State Library, and any city or county within which Cal Water provides service.

A key focus of this UWMP update is the conservation requirement set forth in Senate Bill 7 (SBx7-7) as passed in November 2009. SBx7-7 mandates a statewide 20% reduction in per capita urban water use by 2020. In order to quantify the objectives and identify the means of achieving this mandated demand reduction, Cal Water has prepared a Conservation Master Plan.

Cal Water is in the process of expanding current conservation programs and developing new programs for its districts. Over the next five years, Cal Water conservation program expenditures are likely to increase, due in part to recently adopted state policies requiring future reductions in per capita urban water use. These state policies include SBx7-7, as well as recent decisions by the California Public Utilities Commission (CPUC) directing public water utilities to adopt conservation programs and rate structures designed to achieve reductions in per capita water use, as well as the *Memoandum of Understanding Regarding Urban Water Conservation in California* of which Cal Water has been a signatory since 1991.

The Conservation Master Plan for the Hermosa - Redondo District will be presented to the Cities, Counties and other agencies served by Cal Water's Hermosa - Redondo District in conjunction with the UWMP.

Schedule of upcoming actions:

On April 1, 2011, a copy of the Proposed Urban Water Management Plan and the Conservation Master Plan will be available for review during normal business hours at the Rancho Dominguez Customer Service Center, 2632 W. Street, Torrance CA 90505.

It is preferred that prior arrangements be made with the district's management for viewing the Proposed Urban Water Management Plan and/or the Conservation Master Plan. These arrangements can be made by calling (310) 25

As an alternative to reviewing the Proposed Urban Water Management Plan in Cal Water's Hermosa - Redondo Customer Service Center, Cal Water will make an electronic copy of the Proposed Urban Water Management Plan available on an FTP site, where the plan may be reviewed and/or downloaded.

The site can be accessed at <http://calwater.ftptoday.com>;

The user name is **cwsftp17** and the password is **Docum3nt!**

The UWMP will be available at this FTP site from April 1, 2011 through June 15, 2011.

If there are issues with accessing the electronic copy, you may contact Michael Bolzowski at the corporate headquarters at 1720 North First Street, San Jose, California 95112-4598, by calling (408) 367-8200, or by email mbolzowski@calwater.com.

A Public Meeting to receive comments on the Proposed Urban Water Management Plan and the Conservation Master Plan will be held on June 8, 2011, from 3:00 p.m. to 5:00 p.m. in the Rancho Dominguez Customer Service Conference Room located at 2632 W. 237th Street, Torrance CA 90505.

If you are unable to attend the scheduled public meeting but want to provide comments regarding the proposed plan, you may send your comments in writing via mail or email to:

Thomas A. Salzano, Water Resource Planning Supervisor
California Water Service Company
1720 North First Street
San Jose, CA 95112-4598
tsalzano@calwater.com

Cal Water will receive comments on the proposed UWMP and the Conservation Master Plan from April 1 through June 15, 2011.

Comments regarding the Conservation Master Plan for Hermosa - Redondo should be sent to:

Kenneth G. Jenkins, Conservation Manager
California Water Service Company
2632 West 237th Street
Torrance, CA 90505
kjenkins@calwater.com
